## School Digital Citizenship Plan 2024-2025

Please share a relevant version of your School Digital Citizenship Plan with parents and students on your school's website.

### Relevant contextual information about your school and School Development Plan:

- A.E. Cross student population is very diverse and students benefit from using technology for varied ways to engage in their learning
- Many students have access to personal technology devices

### Relevant evidence and data that informs your Digital Citizenship Plan:

- CBE Student Survey Data: More opportunity to use technology for learning is an area of growth (Questions: "I have access to technology to meet my learning needs at school." and "I have the skills I need to use technology at school to help me in my learning." and "I learn new ways to use technology at school".)
- Students need support in balancing their screen time (Question: "I take care of myself by making sure I don't have too much screen time. (Screen time can include TV, computer, tablet, smart phone and more", "I understand what digital citizenship means at my school.")
- We want all members of the A.E. Cross School community to display respectful, appropriate interactions both in-person, and online, at all times.
